Special Dispatch to the Intelligencer.

CLARKSBURG, W. VA., May 7.—An explosion took place just as the workmen were preparing to enter the main shaft of the Ocean mine, near here, early this morning, causing the death of four men, who had gone in at the big air shaft, three-fourths of a mile from the main entrance. Seven men had entered the air shaft—three of them, Martin Feathers, John Yeager and William Donohue, escaping uninjured, being only 100 feet in the cut when the explosion occurred. The other four men, Joseph Feathers, Charles Welch, Nathan Galine and William Dougherty, were caught by several leading lines leading to their rooms and burned to death.

A searching party was organized, which entered from the big air shaft and proceeded carefully toward the chamber. When about one-fourth of a mile in, they discovered the body of Charles Welch. He was lying on his side, his head and neck broken, his arms and legs scattered about him. He was lying on his side, his head and neck broken, his arms and legs scattered about him.

## BEERING SEA CONTROVERSY.

A Letter from Blaine to Francisco Just Made Public.

WASHINGTON, May 7.—A letter of Mr. Blaine's to Sir Julian Pauncefote, dated April 14, has just been made public. It states that the modifications which Lord Salisbury suggests in the questions for arbitration, do not wholly meet the views of the President, but the President changes the text of the third and fifth, in such manner, it is hoped, as will result in a settlement between the two Governments.

The Secretary states that in point of fact, there is no dispute of any consequence between the two Governments on the geographical point under consideration. The historical point is the one at issue, resting on the original Russian question.

## A Policeman's Crime.

In an Instant Moment He Shoots and Kills His Daughter.

CHICAGO, ILL., May 7.—A terrible deed was committed this morning by Policeman Hugh Burns, who is probably the murderer of his daughter Lyla. Burns has been acting in a peculiar manner since the death of his wife some weeks ago, and when he returned home from the station this morning his daughter Lyla, who was only ten years of age, was with him. He questioned him, and in a fit of passion he drew his revolver and fired two shots at the girl. The first ball hit her in the chest, just above the heart, and will probably prove fatal. The second ball made a slight flesh wound in the thigh. Burns has been on the force for a number of years. He was placed under arrest.

## THE ITALIA ESCAPES

From the United States Authorities at San Francisco.

## TAKING OUR MARSHAL ALONG.

The Chilean Rebel Ship Sails Quietly Away—Pursuit of the Other Vessels—The United States Authority Disregarded.

SAN DIEGO, CAL., May 7.—About 5:30 last evening the Italia lifted anchor and quietly steamed down the bay and out into the ocean carrying with her Deputy United States Marshal Spencer, who, so far as is known, is still on board. Marshal Gard was not aware that the Captain had any intention of disregarding his authority, for he left for Point Loma in the launch Juna just one hour ahead of the big steamer and he could not have known that the Italia was following him. Marshal Gard's errand on his second trip was to take the schooner Robert and Minnie, which she might find on the open sea outside of Mexico jurisdiction as a piratical craft. He had received instructions to that effect from Washington. Just outside Coronado Island, they saw a small schooner, which the Robert and Minnie, which were port and ran south in order to get into Mexican waters. ## THE WASHINGTON END

Of the Italia Affair—Secretary Tracy Talks. The Vessel Will Be Recaptured.

WASHINGTON, D. C., May 7.—Attorney General Miller this afternoon made public the substance of the correspondence that has passed between the officials here and the authorities at Wilmington and San Diego, Cal., relating to the insurgent vessel Italia and the schooner Robert and Minnie.

The Attorney General had several conferences on the subject with the Secretary of the Navy during the day. "Can you take the vessel on the high seas without violation of law?" a reporter asked Secretary Tracy.

"Yes, sir," replied Secretary Tracy. "Will you do it?" asked the reporter. "I have no answer to make to that," replied the Secretary. "You can't skin a hare before you catch him."

This seems to summarize the present situation. The Italia will be captured if possible, but she has a large start of any pursuer.

## THE LONG ISLAND FIRE.

Estimated Loss a Half Million—Some Heavy Losers.

LONG ISLAND CITY, L. I., May 7.—Fire engines are still playing in the ruins of the greatest fire Long Island City has ever had. The aggregate damage will exceed even the estimates already made and will reach probably \$500,000. None of those burned out were willing to place more than an approximate estimate on their individual losses. The losses of the Export Lumber Company will probably reach \$250,000. The H. H. Hughes building was entirely destroyed and the loss is about \$300,000. Doncaster & Bros., iron foundry, lost \$150,000; Whiting Lumber Co., \$50,000; Franklin stone yard, \$50,00
